FCC - MAILROOM

According to the status of our 471 forms, we are "Certified - Out of Window" I personally did the 471 application work, the 471 was submitted online prior to the deadline. As stated on SLD website: "The Item 21 Attachment need not be submitted within the "Form 471 filing window." However, it must be filed in a timely fashion so that SLD can review the information and make a determination of product and service eligibility." To the best of my knowledge, the item 21 attachments are to have the signed 471 forms submitted with them. This however, appears not to be the case. Many hours of hard work were put into our Technology plan, and 470/471 applications. The Wilkinson County School District is in dire need of the funding, we're a small school with a small technology budget, this money is very much needed. I will do whatever needs to be done to correct this.
